HUNTING
SEASON!

When the chilly autumn winds wait through the leafless branches and the whistle of the quail is heard in the meadows, the heart of the hunter is stirred and he longs to shoulder his trusty gun and, with dog at heels, tramp the uplands in search of game—and health. The season is close at hand. Be ready, and when the first holiday comes get an early start. You will need a good Hunting Coat, pair of leggings and strong, well-made gloves. We are headquarters for this class of goods and invite your inspection.

MR. FARMER, your busy season is also close at hand. To be ready for the hog killing you will want a Sausage Grinder, Lard Press, Keen Cutter Hatchet with a smooth sharp edge, and good, strong, well-tempered Butcher Knife, a Food Cutter and a good Lantern. Perhaps there are other things you need and will find out when you look around our large and up-to-date stock. We are here to please you.

Come and get a chance on the \$50 set of Heavy Work Harness. You might be the lucky winner.

Yours for a better, bigger and busier Kentucky,

BOWLING FEST

Portsmouth's Crack Team and Home Talent Will Bowl in This City Thanksgiving Night

Arrangements have been completed for a bowling match between Portsmouth and Maysville teams to take place at the Navarre Bowling Alley in this city Thanksgiving night.

Heretofore contests between the two cities for bowling honor victory has generally perched on the banner of the Ohio side, but on this occasion Maysville promises to surprise the upriver boys by giving them a good trouncing on this trip in retaliation for stinging defeats received at their hands on former meets.

It matters not, however, which way the cat jumps. There is one thing assured, and that is, the Portsmouth contingent will receive a cordial welcome and be accorded a royal good time during their visit here.

You don't want to miss seeing the Maysville bunch do their stunts. They will need encouragement and sympathy after the bumping in store for them on the above occasion.

Manager Martin promises to have everything in apple-pie order and plenty of seats for visiting friends who may wish to witness the game.

Some weeks ago a lady went to Danville, representing herself as a saleslady and advertising agent for a large New York silk house. She carried an elaborate line of samples and made enticing prices. Fine silks that retail at big prices were offered as low as 25 cents per yard.

A number of Danville ladies bought heavily

and paid in advance for the goods, which were never delivered and never will be.

Some days later an upholstering man came along gathering up furniture which he proposed to do over.

He took the furniture, but has never shown up and many are anxiously awaiting his return.

BATTLE OF THE HATS

Stirs London, Where Three Distinct
Types Compete For Honors

In London, the "Battle of the Hats" is giving the milliner its chief interest just now. Three distinct types of hats are competing for the honor of being the fashionable style, the "Merry Widow," the "Plateau" and the "Pill-box."

The "Merry Widow" is not the simple, wide-brimmed affair known by that name in America, but a towering hat of plumes and feathers. The "Plateau" is a flat-brimmed thing of ruffled silk or velvet, with a diminutive crown

bidden by a single blossom of large size or by a flowing veil.

The "Pillbox" is all crown and no brim. It is intended for the little woman who would be extinguished by a "Merry Widow" or a "Plateau."

Many of our local merchants, owing to the large sum of money tied up in Mason county's tobacco, predicted that this fall's business would show considerable decrease. They forget Mason county's vast resources aside from tobacco. Our business proves it. Our November sales to date actually show an increase over last year's. Doubtless OUR MERCHANDISE AND PRICES HELP BOOM THINGS ALONG. Few communities are more alert or use better judgment in "shopping" than ours. That's the kind of trade we want. In the city of Washington there are employed in the Government service 5,499 colored persons whose aggregate salaries amount to \$3,044,404. The number of Afro-Americans in the service of the Government, exclusive of the Army and Navy, has more than doubled in the last four years of the Roosevelt Administration, and aggregate pay has increased from \$3,000,000 in 1904 to \$8,000,000 in 1908.

FLEMING FRACAS

Fires at Sherburne Lead to a Bad Cutting Scrape

Harry Morgan was brought here from Fleming county last night and lodged in the Mason County Jail for safe keeping.

The office of Dr. Boone McClure of Sherburne, Fleming county, was burned at 12 o'clock Monday night by incendiaries. Bloodhounds were immediately wired for to Lexington and when they arrived they followed a trail straight to Harry Morgan's home. They were taken back to the scene of the fire and, again put on the trail, went to the Morgan home.

Dr. McClure is a brother of Jacob McClure, whose general merchandise store was burned a few weeks ago. At that time bloodhounds were secured, but when they arrived so many people had been over the ground the dogs could do no good. After the fire Monday night a guard of about fifty men was secured and placed around the scene to keep the crowd back until the dogs arrived.

Harry Morgan, a brother of Dr. Morgan of Sherburne, in an attempt to break through the guard, it is alleged, stabbed Thomas G. Daugherty twice, fatally wounding him.

Daugherty's tobacco barn and a large quantity of tobacco were burned last spring by night riders and Daugherty had compared the handwriting of Dr. Morgan and the warnings received by McClure.

Morgan was arrested yesterday afternoon and taken to Jail at Flemingsburg.

Great excitement prevailed at Sherburne, where 500 gathered and indulged in threatening talk against the Morgans.

Last night, to prevent any further trouble, Harry Morgan was brought here for safe-keeping.

MINERVA CHURCH

Fund Being Subscribed to Rebuild Burned Structure

'Squire Sam A. Frazee was in the city yesterday soliciting funds to help rebuild the Minerva Christian Church, which was destroyed by fire a few weeks ago.

Ex-Congressman James N. Kehoe started off the fund with \$25, and altogether a neat sum was secured here during the day.

The former Church was insured for \$1,000 and it is the desire of those having the matter in charge to supplement this amount with about \$700, making the total cost of the new Church and its furnishings \$1,700.

The new structure will not be quite as large as the old but it will be made as modern as possible.

Here is another example of the soulless gas corporation. Mankato, Minn., has been suffering sorely through and by an epidemic of typhoid fever. To add to the discomfort of the patients the weather temperature was very high during the worst of the fever outbreak. To lend a helping effort Mr. R. E. "The Mankato Gas and Electric company will gladly install an electric fan for any one who is seriously sick during the present epidemic without any charge at all, providing the party is within reach of our current. Advise us through your attending physician."—American Gas Light Journal.

How to Cure Indigestion

Well Known Family Physician Gives Good Advice

"When a person cannot eat ordinary food without discomfort afterward, when he has heartburn, sick headache, gas on the stomach, water brash, belches up sour food, and this condition has continued for a week or more, it certainly is time to do something and do it quickly. That's what a popular physician recently said to the writer. 'First thing you know you'll have dyspepsia if you don't,' said he.

The quickest and best way to regain your normal condition is to step into the drug store and buy a 50c bottle of Dr. Caldwell's Syrup Pepsin. It gives natural, daily movements to the bowels, and that is usually where more than half the trouble lies. Then it aids digestion, sweetens the stomach, acts on the liver and is a general system tonic.

Postmaster Ridgill, of Bruceville, Tex., had such a severe attack of dyspepsia that his stomach, liver and bowels seemed almost paralyzed, but a few doses of Dr. Caldwell's Syrup Pepsin relieved him and today he is well as ever. Maude Hall, Alpena, Mich., says that one bottle cured her of a very severe case of indigestion. A. L. Espley, Chief of Police, New Philadelphia, Ohio, says: 'I find Dr. Caldwell's Syrup Pepsin the best remedy for indigestion I ever used. I would not be without it.' Rev. A. J. Fletcher, Rutherford, Tenn., is now 80, and yet it cured him of stomach trouble of 60 years' standing. Mrs. Mattie Crouch, Tiptonville, Tenn., cured her five months' old baby of indigestion with it, so you see that while it is so effective it will cure cases of long standing of dyspepsia and constipation in old people, it is perfectly safe for babies, and it is pleasant to take, and does not pain or gripe.

All druggists sell it at 50c and \$1.00 per bottle. Pepsin Syrup Co., 307 Caldwell Bldg., Monticello, Ill., are glad to send a free sample to any one who has not used it and will give it a fair trial. Sold By J. J. Wood & Son, Druggists

Another Forger Comes to Grief—Caught With the Goods In His Possession

Morris formerly worked as a farm hand for E. H. Davis near Mt. Carmel, whose name was used in securing the money. When searched by the officers \$25 and a gold watch were found on his person, the balance of the ill-gotten money having been spent in riotous living.

Morris is a brother of the Morris who murderously assaulted the aged Mr. Farrow of this county some seven or eight years ago.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

AGED PEOPLE

Mrs. Sarah J. Windrom of Chicago, Grandniece of Alexander Hamilton, who Signed the Declaration of Independence, Says:

"Vinol is a god send to old people. I am 76 years old, but I have a hearty appetite, sleep soundly, and feel active and well today—thanks to Vinol. When I was young, cod liver oil was dispensed in a greasy, unpalatable form, and it fairly gagged me to get it down. Vinol is entirely different, very palatable and nourishing to impoverished blood. It is the finest tonic and strength-creator I ever used."

Mrs. H. W. Avery, Norwich, N. Y., says: "At the age of eighty-nine, I felt the need of a tonic, something to strengthen and build me up. For some time I have taken Vinol, and have found that it brings vigor and life to the aged as nothing else will."

The reason Vinol is so beneficial to old people is because it is composed of two world-famed tonics—the medicinal elements of cod liver oil and iron. Vinol tones up the digestive organs, aids assimilation, makes rich, red blood, and strengthens every organ in the body. We will cheerfully return money to all those who try Vinol and receive no benefit.

BAD MAN

Goes Gunning After Innocent West Enders—Held to the Circuit Court

According to the evidence in 'Squire Pickrell's Court yesterday afternoon, one James Smith, colored, is a very bad and dangerous character, and needs taming in a manner that he will not soon forget.

Saturday evening John Heigle, together with three other men and three women, were standing on the sidewalk in West Second street conversing, when Smith appeared on the scene, and without provocation uttered an oath, demanding that they make way and surrender the sidewalk for his exclusive use, at the same time whipping a revolver from his hip pocket and firing three shots in the direction of the group, scattering the objects of his wrath in all directions for places of safety.

That he failed to hit his mark was no fault of Smith's, and may be attributed to the fact that he was under the influence of whisky and his aim was not as steady and accurate as it otherwise would have been had he been duly sober.

He was held over in the sum of five hundred dollars for appearance at the next term of the Mason Circuit Court, and in default was committed to Jail for safe keeping.

Up everything around the house with any of our paint left over from the job, for our paint is as hard to get off as it is easy to put on. That is a virtue you will appreciate when you find how seldom you have to renew the coat you put on now. It stays brighter longer than any other paint we know.

Doctors all agree that an active liver is positively essential to health. Ask your own doctor about Ayer's Pills.

"How are your bowels?" the doctor always asks. He knows how important is the question of constipation. He knows that inactivity of the liver will often produce most disastrous results. GREIGHBAUM'S CLOTHES

RETAIN THEIR SHAPE!

Any suit may look well when it is first put on, but it takes a custom tailored, substantially built one to retain its shape and give lasting service. Every inch of material—woolens and trimmings—that goes into my clothes is thoroughly shrunken. That's why rain or wear cannot possibly change or spoil their shape. Yet I don't stop here, but tailor my clothes as carefully inside as outside. The important unseen parts are attended to with the same skill and fidelity that is evidenced in the outward appearance of the garments. Still, my prices are one-third to one-half less than those of other tailors. A Suit or Overcoat tailored to your measure at \$15 to \$45. No other clothes so good for so little.

THE ELECTORAL VOTE

How the Vote of a State Can Be Divided Explained

Since the election the question has arisen among a few in this city as to how the electoral vote of a State could be divided among Presidential candidates, but no satisfactory answer could be found.

The Louisville Evening Post has just been asked the same question, the party having in mind Maryland this year and Kentucky eight years ago, to which The Post gives the following explanation—
"Each State votes for as many electors as there are Congressmen and Senators. Each voter in Kentucky votes for thirteen electors. The electors receiving the highest number of votes are elected. In Maryland, the two hindmost Democratic electors received fewer votes than the two foremost Republican electors. Therefore, two of the Electors will vote for Mr. Taft in the Electoral College."

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily; when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Frederick Dressel, 1238 East Second street, Maysville, Ky., says:

"I consider Doan's Kidney Pills a most excellent kidney remedy, and I am only too glad of an opportunity to speak in their behalf. About five years ago I was bothered by kidney trouble. The kidney secretions were attended with much pain during passage and were very irregular in action. Severe pains across the small of my back were of frequent occurrence and at times greatly interfered with my work. A friend advised me to use Doan's Kidney Pills, as he had taken them for a similar trouble with the best of results, and I procured a box at J. J. Wood & Son's Drugstore. I used them strictly according to directions and they afforded me prompt and effective relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

"LIVES OF GREAT MEN ALL REMIND US"

The story of how Marshall Field amassed his great fortune may be told in a few words. He had something to sell and advertised it.

NO MAN DELIBERATELY BUYS POOR CLOTHES.

He thinks their good, worth the money, or he doesn't want them. Just the same, lots of men are paying their good money for cheap cotton mixed goods and they think they are being real economical because they get such clothes for a little less than all wool would cost. This cotton-mixed stuff is very deceiving, even expert clothing men find it difficult at times to tell whether or not a fabric has cotton in it. As for the inexperienced wearer, we've seen fabrics that looked good enough to sell for \$20 for the suit that was at least 60 per cent. cotton and really worth about \$6 the suit. You get no such "flim-flam" when you trade with us. Thirty years selling good clothes enables us to separate the "sheep from the goats." When we say all wool we live up to it.
